THE CHARLEROI MAIL

VOL. XVIII. NO. 24. CHARLEROI, WASHINGTON CO., FRIDAY, JULY 13, 1917 ONE CENT

ALL GUARDSMEN WILL BE CALLED TO THE COLORS ON SUNDAY

Every Unit to Report at Various Armories, Ready for Duty

ORDER INCLUDES RESERVES

Adjutant General Stewart, from his office in Harrisburg on Thursday night, ordered all of the National Guard of Pennsylvania to mobilize at their respective armories on Sunday next, in accordance with the President's proclamation and the regimental commanders were directed to have the officers of their units notify their reservists to report at the same time. This order was issued immediately after receipt of a telegram from Governor's Island, formally calling the organizations into Federal service and announcing that the initial muster would be held Monday morning next.

At the present time the First, Third, Thirteenth and Eighteenth regiments are in Federal service, but of this duty they will likely be relieved and sent to their home bases in order to recruit their numbers to war strength. All other units of the artillery, engineers, sanitary and supply trains and field bakeries will assemble on Sunday, together with all men on the reserve list, and on Monday morning all of these men will be placed in camps or armories, there to remain until they are drafted into the service of the United States. The men, after reporting, will not be permitted to leave camp or the armory, without special permission from the Captain. Every man is expected to have his affairs so arranged that he can leave Saturday evening tion of the war. They will not be and to remain away during the duration of the war. They wil lnbt be allowed to return to do any work of any kind, being subject exclusively to the military laws of the country.

The Guard will call about 17,500 men which number will be materially increased when the various units are recruited to war strength.

Notice

The new Excursion Steamer—City of Parkersburg—which has been engaged into the Monongahela River this summer by Capt. John F. Klein, Pittsburg, will leave Brownsville next Sunday morning, July 15th at 8:30 a. m., for Olimpia Park, McKeesport. The boat will stop for passengers at California, Roscoe, Fayette City, Belle Vernon, Charleroi, Monessen, Donora, and Monongahela City, and will remain at the Park two hours; the round trip will be 50c; the Pittsburg Orchestra will furnish music for the round trip. The City of Parkersburg will be chartered by Lodges and Churches for outings in the Monongahela Valley; the Pittsburg Office is No. 8 Wood Street.

GENEROUS DONATION TO THE RED CROSS

The First Presbyterian Sunday school today made a donation of $51.00 to the Charleroi Chapter of the Red Cross. The donation is indeed a most generous one, for which the officials of the local Chapter feel very grateful.

DRAFT WILL CALL ALL ELIGIBLES

Every Man Registered Will Know When He Is To Report

MILLION IN FIRST SUMMONS

Orders from Washington indicate that every man who registered on the 5th of June will be drafted into the service of the United States, provided he is physically fit, and is not among those who are by law exempted.

Next week, when the selection is made, he will receive a number which will indicate the order in which he will be liable for military service to the government under the national draft army law. There are 9,659,382 registrants, according to preliminary returns and this number is being increased.

According to Secretary Baker the entire drawing will be completed at one time, so that each of he more than nine million men who regeisted in June will know the order in which he is to be called for military service. Secretary Baker personally will draw the capsules which will contain the fateful key numbers, each of which will call out one man in each of he 4,550 local exemption districts which has a number corresponding to that drawn.

The first levy under the draft will be for 687,000 men of which 500,000 will fill he ranks of the new National Army, 142,000 the ranks of he National Guard and 45,000 he ranks of the regular army.

As soon as thedrawing is made the key numbers will be flashed to newspapers in the order they are drawn. Only the date for the drawing and the official announcement of quotas for cities, counties and States now remain to be decided.

Notice

My store will be closed for several days the coming week on account of inventory prior to the sale of the business to C. S. Bliss. T. P. Grant.

NOTICE TO ALL REGISTRANTS

On Saturday The Mail will publish the list of names of all the men who registered on the 5th of June, in Charleroi, North Charleroi and Fallowfield township, together with their serial number, which will govern the selective draft. There are between sixteen hundred and seventeen hundred names in the list, and all of these will appear in the paper tomorrow. Those interested in this list can obtain a copy of the paper at Mights Book Store, which will have a sufficient quantity on hand to supply all who may inquire, provided orders are left before Saturday noon. It is necessary that such orders be left at the book store, that Mr. Might, as well as the Mail office may know just how many papers are actually needed. The Mail wishes to accommoate all registrants, and will do so provided those interested will make their wants known.

TO BUILD TRESTLE DOCK IN SIXTH POOL

The H. C. Frick Coke company has received a permit from the federal government, which will permit them to construct a trestle dock near Adah, Pa., on the Monongahela river in the Sixth pool. Both coal and coke from the Frick mine in that district will be run in specially constructed cars on to the trestle, from where it will be dumped into barges, thence to be transported to the various mills of the Steel Corporation in he Pittsburg district. Te permit also calls for the construction of a harbor, which will require the dredging of about 6,000 cubic yards of maerial. Coal from his dock will likely be shipped to Clairton, the site of the big by-produc plant, now in course of construction and which will require many thousands of tons of coal every day to keep it in operation.

THE BUFFALO BILL SHOW ARRIVED THIS MORNING

The Jess Willard Buffalo Bill Wild West Show arrived in Charleroi over the Pennsylvania shortly after 7 o'clock this morning, and detrained in the local yards. The show came from Washington, and after giving an exhibition in Monessen this afternoon and evening, will come over to Charleroi for exhibitions to be given tomorrow. The cars made one full train with almost a dozen sleepers of the Pullman type for the accommodation of the people carried in this enterprise. The Buffalo Bill company carries no menagerie, the exhibitions being confined to the wild west and circus variety, which have proved very popular wherever they appear.

Notice.

Owing to a change of plans I shall not be a candidate for the office of Tax Collector at the September Primaries. I wish to thank all who had promised me their support and assure them that their good intentions are fully appreciated.

Respectfully,
Charles D. Bateman.

HARVEST HANDS ARE NEEDED BY FARMERS

Scarcity of farm labor in Washington county is of such a serious character that a crisis can only be averted by volunteers from other walks of life agreeing to "do their bit" and working at least a few days on the farms of their immediate vicinity.

The farmers have not until the present time realized the handicap under which they are operating and with an increased acreage under cultivation and no increase in the number of hands they are indeed in dire straits They are now sending out appeals to different communities, and County Agriculturist J. M. McKee is being importuned every day for additional help, which he is trying to secure.

In this endeavor some progress is being made, as an agent has been appointed in the Washington district to canvass all of the factories with a view of inducing employers to allow some of their men to volunteer for farm service. Wages paid on farms today are greater than ever before, and it will be possible, with the aid secured from industrial plants, to harvest all crops in due season. However there can be no delay in furnishing labor if this desired end is to be attained and employers of industries have agreed to allow some of their men to respond to the call, other volunteers are anxiously awaited.

Reward.

$5.00 reward will be paid to any person furnishing information that will lead to the arrest and conviction of the party who stole onions from my garden next to Turner Hall on McKean avenue, Tuesday evening. July 10. Fred Kahle.

MR. TENER IS HEAD OF IMPORTANT COMMITTEE

Hon. John K. Tener, now serving as president of the National Baseball League, has been named as chairman of the special commission of the B. P. O. E. to determine how the $1,000,000 war relief fund voted by the order shall be spent. The Grand Lodge in session at Boston on Thursday voted to raise one million dollars, which will be used in some field of action for assisting in the prosecution of the war.

MR. STEVENSON MAKES ANSWER TO ALLEGATION OF MR. JAMESON

Denies Receiving Large Salaries from the State for Services

NAMES AMOUNT PAID BOARD

William H. Stevenson, president of the Lake Erie and Ohio River Canal Board when asked what he had to say in answer to the latest statement of David Jameson, the one member of that body who objected to its favorable report on the waterways said:

Mr. Jameson is evidently very much peeved at my reply to his paper objecting to the Lake Erie and Ohio River canal. He, however, does not even attempt to answer a single argument or charge made by me. He now goes off on an entirely new tangent, that of the alleged salary received and hoped for by the members of the board.

"He attempts to create the impression that I as chairman have been receiving $12,000 per annum salary and the other members of the Board each $10,000 and insinuates that the sole interest of the members who signed the Board's report was because of the salary received and hoped for. This impression he conveyed to the editor of "The New Castle News" in which his answer was published for in an editorial of that paper appears he following:

'Mr. Stevenson's salary as president of the board was $1.00 yearly and he doubtless feels aggrieved that [illegible] A B. diverced him from such a juicy plum.

'Altogether the state was paying $72,000 annually in salaries alone to maintain the farce known as the canal boad. In addition to this there has been large appropriations for preliminary inquiry and investigation.'

Now what are the facts?

"The total amount of money paid to the seven members of the Board, including Mr. Jameson and myself for ime and expenses involved in attending the meetings of the Board and in studying the project during a period of 20 1-2 months was $10,134.20. This sum was acceped notwithstanding the fact that the law provided for a salary of $5,000 per annum for the chairman and $4,000 for each of the other members. Under this law the seven members of the Board would have been entitled to $48,816:67 but they refused to take more than the above mentioned sum.

"The ridiculous character of the statements made by Mr. Jameson is shown by reference to the amount of the appropriation asked for from the last Legislature, which was $10,000, which it was provided should be entirely devoted to the payment of the salaries of the employes of the Board, the ordinary office expenses and the publication of the Board's reports. Not one cent of this appropriation was to be devoted to the payment of salaries for the Board. Further than that the law creating the Board specifically provides that none of the memoers of the Board were to receive any salary w hatever during the period between the filing of its report and the time when all the money needed was provided for the construction of the canal and the work of consruction actually began. SOCIAL CLUBS ARE WARNED

Must Not Furnish Liquor to Members Who Are in Military Service

ACT WILL BE ENFORCED

The federal authorities have requested District Attorney Baum to call the special attention of all social and fraternal clubs in Washington county to the recent act of Congress prohibiting the sale or furnishing of liquors to any person engaged in the military or naval service in the United States. The penalty for violation of this act is very severe. Mr. Baum also directs club managers to refain from selling or furnishing liquors to military and naval men, even though they may not be in uniform, as an additional method of aiding the government officials in the strict enforcement of the act.

As the mobilization of the army will begin in Washingon county on Sunday, the 15th, the interest and the suggestion of the District Atorney are timely and it is his purpose to see that the letter of the law is strictly obeyed in every particular. In this connection Mr. Baum suggests that every member of a fraternal or social club should see to it that the officers of his organization do not permit any infraction of the law.

DR. REPMAN TAKES RANK AS CAPTAIN

Dr. Repman, who has gone to Fort Benjamin Harrison, to enter the United States Reserve Medical Corps, was commissioned a Captain by President Wilson, which rank he will hold in the service. This honor, which has come to Dr. Repman, is a matter in which his friends will greatly rejoice, knowing that in all the various duties to which he may be called during the war, he will give the closest attention to the many details which may be connected therewith. While friends regre his departure for this new field, they are satisfied that he will be as equally as successful with his army duties as he has been as a practitioner in Charleroi.

CAPT. ACKARD ON STEAMER DUQUESNE

Capt. Al. Ackard, formerly commander of the steamer Monitor, will have charge of the steamer Duquesne of the new Carnegie line, which is being prepared to enter the coal towing trade on the Monongahela river The Duquesne was formerly the "Mamie Barrett," and was purchased by the Carnegie Steel company from the Barrett Line of Cincinnati. The steamer has had a number of changes made, in order to conform to local conditions.

DISLOYAL SUFFRAGISTS

There is a great difference between fruitful publicity and harmful notoriety, but apaprenly this is not understood by the "militant" suffragettes who are courting arrest in Washington by displaying disloyal banners. They consider an arrest a good advertisement of their cause and are happy to find that by disloyalty they can at last force the authorities to make "martyrs" of them. But they are strangely deluded. Unenviable notoriety has the opposite effect of good advertising. Disloyalty and indirect aid to the enemy will not win a single friend to the suffrage cause and will alienate by disgusting many a former friend. The White House "pickets" are imitating the militant suffragism that prior to the war was witnessed in England, where it doubtless served to compel the interest of an indifferent public. No such policy has been needed in this country where public interest was never lacking, where effective advertisement has been continuous and where satisfactory progress has been steady.

Moreover, the kind of militancy resorted to is particularly damaging, the choice of disloyalty indicating even a lack of common sense. By exchanging militancy for patriotic service in war time, the British suffragists have won a satisfying majority in the House of Commons. The White House "pickets" are pursuing a diametrically opposite course, absolutely without reason and totally without excuse. If they can not be suppressed by the saner majority of suffragists in this country they will add enormously to the [illegible] have done their cause already.

THE PHYSICAL EXAMINATION

Under the regulations of the selective draft registered men will be physically examined when they report to the local boards and only those who pass this examination will be enrolled for the army. But the first examination must be followed by a second after an interval of training in the rendezvous camps, and it is estimated that the second physical examination will disqualify fully one-fourth of the enrolled who will then return to their homes—perhaps to find their jobs no longer open to them. Manifestly this is undesirable harushp. In consequence it is urged that the first physical examination should be final and complete and to make this possible it is recommended that the Government utilize the insurance companies' skilled and efficient force of medical inspectors.

We have all heard of men returning from the officers' training camps after a period of drill, being rejected by the second examination though accepted by the first, and the same story will be told on a much larger scale in the case of the drafted men. Obviously a final examination at the outset is desirable, but can a first examination be complete? No doubt all experienced army men will give only one answer and that a negative. Apparently a period of hard training is necessary in order to test the novitiate soldier's powers of endurance and [illegible] defects which at the outset are invisible even to an expert medical eye.

Pity that a country at war should find it necessary to do battle against greedy profiteering at home as well as fight the enemy abroad.

The sea serpent has given place to the periscope. The former was doomed anyhow under "bone dry" laws inevitably limiting the seeing of snakes.

Federal Judge Landis of Chicago believes in punishment to fit the crime. A few years ago he fined the Standard law, and now he has sentenced 121 draft evaders to one year and a day each of hard labor in the Chicago House of Correction.

The boy emperor of China abdicted in his fifth and resumed his reign in his eleventh year. But he must have regarded his second reign as hardly worth the trouble of putting on a crown, for after only a few days a republican victory in battle forced him to adbicate again.

Naturally the American troops across the Atlantic are having difficulties with French. Naturally also the situation will be more interesting to them as well as to observers when they begin to have difficulties with the German language.

GARDEN COLUMN

By National Emergency Food Garden Commission

Canning.

The bulletin today from the National Emergency Food Garden Commission, which is co-operating with The Mail in its campaign for the prevention of waste of the surplus food products of thecountry, says that it is a matter of personal choice whether or not the pits be removed from cherries before caning. If cherries are pitted care should be taken to save all the juice to be poured into the jars after the cherries are packed. Lady's glove buttoner is very useful in taking the pits out of cherries.

Can cherries directly after washing—or after pitting, if the pits are removed—packing the fruit into hot jars as tightly as possible without crushing. Then fill the jars with hot cherry juice or syrup made of one cup sugar to three cups cherry juice & water as desired. If cherry juice is available, it should be used.

Adjust tops and partially tighten them, sterilize for sixteen minutes, complete sealing and invert out of draught to cool. Wrap jars in paper to prevent loss of color in storage.

Sweet cherries are not generally pitted and a little lighter sirup is used than in the case of the sour fruit. Otherwise the process is the same.

JESS WILLARD AND HIS WILD WEST SHOW

The much-exploited Jess Willard-Buffalo Bill Wild West and Circus is due to reach Charleroi early Saturday morning from Monessen. Its anticipated coming has aroused a great deal of interest among those who find entertainment in strenuous exhibitions of this character.

Before our people are fairly awake tomorrow morning the scores of wagons and hundreds of horses and other animals will be hustled to the circus grounds, where the tents will be erected, and all preparations made for he preliminary street parade and

Jess Willard, in charge of the Buffalo Bill Wild West Show, who will appear at both afternoon and evening exhibitions to be given in Charleroi on Saturday.

the two performances that are to follow. The parade takes place at 10:30 a. m., and will be led in person by Johnny Baker, the noted rifle shot and foster son of Col. Cody. The exhibitions will take place at 2:15 and 8:15 p. m.

This year's performance of the big show promises a greater variety of features than ever before. The cowboys will give a series of exciting roping and rough-riding exhibitions, and there are Indian battles, stagecoach hold-ups, broncho busting and other exciting incidents to hold the attention and to stir the blood.

Jess Willard, it is announced, will positively apear in a scientific boxing bout, in ring costume, at both performances. He will also participate in Wild West numbers.

ELECTRICAL LINE TO BE STRETCHED ACROSS RIVER

The Carnegie Steel company is preparing to erect an electric transmission line between Rankin and Munhall, the feed wires to be strung across the Monongahela river. The structural steel towers which will carry the wires on either side of the river will be 114 feet high, while the sag of the wires is to be 85 feet above pool full. Before these wires could be placed in position it was necessary for the company to receive a permit from the fedral government to cross the river.

NEW SCHEDULE OF PHONE RATES IS ANNOUNCED

The CHARLEROI TELEPHONE COMPANY, wishes to announce to its many patrons of a new schedule of TOLL and LONG DISTANCE charges within the state of Pennsyvania, and which will become effective midnight on July 15th, 1917.

Following is a list of the points most frequently called by Charleroi subscribers, and shows a comparison of the old rates and new rates.

	(OLD)	(NEW)
Charleroi to Brownsville, Pa.....	$ .10	$.05
Charleroi to Canonsburg, Pa.....	.25	.20
Charleroi to Connellsville, Pa.	.25	.20
Charleroi to Dawson, Pa	.25	.15

PERSONALS

Laurence B. Frye is a Pittsburg visitor this afternoon and may attend the Shriners' picnic at Kennywood Park this afternoon and evening.

The "Boy Scouts" of Roscoe are holding a lawn fete on the Roscoe ball ground Monday evening. A good time is assured to those who attend this event. A large crowd will make the affair a success.

D. N. Hall and daughter Miss Ruth will leave this evening for Chatanooga, Tenn., where they will visit two weeks with relatives.

Mrs. Emma Craft and granddaughter Emily Newcomer of Brownsville, visited in Charleroi Friday with C. B. Newcomer.

Mrs. James Maxwell of Monessen visited in Charleroi Thursday.

William Barkus has returned to his home at Kane after visiting here several weeks. He was accompanied home by his grandmother Mrs. Stephens.

Mrs. Eva Toner and daughter Jeanette have gone to Prospect, Pa., where they will visit several weeks with relatives.

Mrs. Emma Dawson has gone to New Waterford, Ohio, being called there by the death of her brother Joseph Cope.

"SLACKER" ARRESTED BY FEDERAL AUTHORITIES

United States Deputy Marshal W. B. Herrington arrived in Charleroi yesterday and arrested one Jesse Lowe, a colored man, who had persistently refused to register for the selective draft. Lowe was taken to Pittsburg, where he was locked up, pending action by the United States Courts.

Lowe had been under surveillance for some time officers being aware of the fact that he had failed to register. He at first claimed that he was too old to be drafted, but when confronted with documentary evidence to the contrary, he agreed to register. However, he failed to keep his promise, and after waiting for several days for him to place his name on the list, he was reported to the federal authorities, who immediately placed him under arrest.

NEW LAW INCREASES TAX ON ALL DOGS

Governor Brumbaugh on Thursday approved the Lohr dog law, which increases the license fee for all dogs the new rate now being $2 for a male and $4 for a female. Under the provisions of the law all unlicensed dogs may be shot on sight.

WILL BUILD NEW HARBOR AT VESTA NO. 6 MINE

The Vesta Coal company has received a federal permit for the building of a new harbor at their No. 6 mine, located a short distance below Fredericktown. About 17,000 yards of dirt will be moved in making this improvement, which will give the company additional facilities in harboring their large fleet, both of empties and of loaded barges. The Vesta company today is one of the largest shippers of coal in western Pennsylvania.

LOSES RIGHT ARM AS RESULT OF ACCIDENT

O. H. Hartland, in charge of the hours after he accident happened.

O. H. Hartland, in charge of the machinery of the Blaine mine, near Lock No. 3, was so badly injured this morning when he slipped and fell into a moving trip of cars, that it was necessary to amputate is right arm at the Mercy hospital, Pittsburg to which institution he was taken a few hours after the accident happened. Mr. Hartland, who is well up in years had stepped off the cars, on to a piece of coal which turned under his foot, throwing him in such a way that he fell between the cars, receiving serious injuries. His daughter, Miss Emily Hartland, whose home is in Woodbury, Conn., who was on her way to visit her father, arrived in Pittsburg this morning, where she was apprised of the accident.

ALPHA PHI BETA DANCE THIS EVENING

The Alpha Phi Beta dance, which will be given this evening at Eldora Park, will be one of the leading social events of the summer. The committee has gone to considerable trouble in decorating he pavilion, the national colors predominating, while a Pittsburg orchestra will furnish the music. A large number of guests are expected to be in attendance, as these affairs are always popular.

MR. STEVENSON MAKES ANSWER

cannot happen until the people of the many counties in the canal district have voted favorably upon the question of issuing thebonds and the bonds have actually been issued. a matter, which under the most favorable circumstances will require at least two years. Only in the event of the money being provided and work begun will the salaries of the members of the Board amount to the figures named by Mr. Jameson, to wit $12,000 per annum for the chairman and $10,000 per annum for each of the other members.

"These facts show very clearly that in this matter of salaries as in all the allegations contained in his original paper against the canal, Mr. Jameson's statements are utterly unreliable and that his assumption of superior virtue in refusing to continue to receive a great salary, which has no present existence and of which there is no positive assurance in the future, is also most ridiculous and without any proper foundation.

GENERAL OFFICERS WILL BE CALLED INTO SERVICE

The General officers of the Pennsylvania National Guard have been called for service and will report on Sunday for duty. It was at first surmised that these officers would be relieved of duty, and other men assigned to their places, but President Wilson on Thursday directed that they report with their respective troops. Governor Brumbaugh has made one change, assigning Gen. Stillwell to the command of the First Brigade, instead of Gen. Price, who will command the artillery brigade.

LONGING FOR A CHILD

Young Wife Almost in Despair. Now has Beautiful Baby Girl.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. Lydia E. Pinkham's Vegetable Compound has brought joy to many childless women by restoring them to normal health. Here is a notable case.

Omaha, Neb.—"I suffered from female troubles when I was seventeen years old. At eighteen I was married and my trouble was no better so I consulted a physician who said that there was not much I could do and I could not have children. I read of Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has proved worth its weight in gold to me for I am not only well but have a baby girl, so when I hear of any woman suffering as I was I tell her of Lydia E. Pinkham's Vegetable Compound."—Mrs. W. HUGHES, 19 Majestic Apts., Omaha, Neb.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

DOWN AND OUT FACTORY GIRL MAKES QUICK RECOVERY

ALL HER FRIENDS ARE AMAZED

Over-work and worry had exhausted and worn down her nerves and health. She confided to her roommate that rest, medicines and Doctors had done her no good. She kept going from bad to worse. Losing many days from work with loss of pay which added other depression. When finally her landlady said, "I have hammered at you for the last month to get PHOSPHATED IRON for I know it will make a new woman out of you. My dear don't you remember how it put my husband on his feet when we thought he was on his finish. Look at him now, strong as a horse, eats hearty, feels like a two year old and has the complexion of perfect health. Believe me, PHOSPHATED IRON put new life in him O. K.

Ready to try anything the girl got it and it is a treat to hear her describe the results. She said, "I would feel the Iron and Phosphates building up my entire system; my appetite and sleep came back and I gained new strength each hour. It just semed as if my whole body was starving for Iron and Phosphates.

Doctors claim that exhausted nerves and watery blood must have Iron and Phosphates to restore them. Don't neglect their crying need, but give them this vital food. Phosphates and Iron combined as Phosphated Iron is an easy absorbed and potent remedy which will delight the invalid with its rapidity of action in building up and imparting new vitality. Give Phosphated Iron an opportunity today to prove the truth of this statement.

Special Notice—To insure physicians and their patients securing the genuine Phosphated Iron we have put up in capsules only. Do not let dealers give you tablets or pills. Insist on capsules. W. F. Hennings, Charleroi and leading druggists everywhere.

S. S. ALGO LOST 13 LBS.; FELT SURE HE WAS DONE FOR

But Nerv-Worth Came to the Rescue—At Work Now, First Time It Counted For 3 Years

It is doubtful if any newspaper ever contained a more forcible and convincing endorsement than the following. Note that the giver signed his name to it:

E. C. Meyers Drug Store,
Washington, Pa.

Gentlemen: About three years ago I commenced to lose flesh and strength rapidly. I suffered from dyspepsia and stomach trouble for years. In about two weks time I lost 3 pounds. I began to think I was done for this world. One day I sent for a bottle of Nerv-Worth and a box of Tablets

FROM THE FIRST DOSE I COMMENCED TO PICK UP AGAIN and get better. I took two bottles and was up and around and gaining weight and strength My employes called me for work May 30. I responded the first I had done of any amount for three years. I have worked steadily since and go through the day without getting tired I eat well and sleep well and get up feeling fine. In fact I feel like a young man again. Nerv-Worth for me!
